## **2. DURATION**

2.1 The Contract will continue for the Contract Period unless terminated earlier in accordance with the terms and conditions of Contract.

## **3. OPERATOR’S OBLIGATIONS**

3.1 The Operator will at all times during the Contract Period provide the Route or Routes to the standard required by the Contract and in accordance with the Service Schedule and Specification issued by the Council.

3.2 For the operation of all Contracts it is the Operator’s obligation to warrant that it has obtained and will retain all licences, approvals, registrations, permits, insurances and any other matters legally required for the provision of the

Services and will make these available for validation to the Council on request. Where these legal requirements become invalid the Council will deem this to be a breach and as shall in accordance with clause 16.1.3 reserve the right to terminate the Contract.

- 3.3 The Operator will at all times exercise all skill, care and diligence in providing the Services.
- 3.4 Except where the Service being delivered is a taxi service, the Operator will at all times participate in the Concessionary Fares Scheme and allow travel for qualifying Passengers at the concessionary fare applicable at the time of travel. No claim for reimbursement under the Concessionary Fares Scheme shall be made for a Contract awarded on a Minimum Cost Contract basis.
- 3.5 Except where the Service being delivered is a taxi service, the Operator will provide electronic data for analysis in an agreed format as approved by the Council.
- 3.6 Where the Council stipulates the fares to be charged by the Operator then until such time as the Council notifies the Operator of a variation the Operator shall apply the fares so notified to it.
- 3.7 Where the fares to be charged by the Operator for operating the Services are not stipulated by the Council then the fares charged will not be higher than the maximum fare charged and not be lower than the lowest fare charged by operators operating on the route or part thereof, or if there is no such comparable fare it will be in line with the prevailing fare scale in the area. The Operator will provide the Supervising Officer with a current faretable for the Services and will make this available on request to Passengers. No change to fares will be made without the prior written agreement of the Supervising Officer (such consent not to be unreasonably withheld or delayed). The Operator will use reasonable endeavours to ensure that all Passengers are charged the correct fare for the journey.
- 3.8 The Operator shall at all times while providing the Services accept valid tickets that have been issued in advance by the Council and may refuse travel to Passengers who do not pay a fare or have a valid pass or permit. When deciding whether to refuse travel the Operator should have regard to any national or local guidance issued in respect of refusing travel to specific groups of Passengers e.g. children or the elderly. Nothing in this clause 3.8 confers any obligation on the Operator to carry the Passenger where to do so would mean that the vehicle capacity was exceeded nor any prepaid or other ticket issued by the Council confer any priority in respect of travel rights.
- 3.9 Without prejudice to the Council's rights under clause 9 (Performance Monitoring) the Operator shall immediately notify the Council if it becomes aware that it will be unable to operate a Service or part thereof. Such notification must be made by telephone to the Supervising Officer and confirmed in writing.
- 3.10 The Operator shall make every reasonable effort to run the Service in adverse conditions of snow, ice, fog, flood or any other extraordinary circumstances. In such conditions, the final decision on whether to run or not is left to the judgment of the Operator. If the decision relates to an outgoing journey of a Route, it shall be deemed to apply to the return journey of the same Route. When the Operator decides not to provide the Service because of the

circumstances beyond his reasonable control, the Council will pay only a proportion of the appropriate Contract Price for the journeys missed for a maximum of six (6) days in any financial year. Any such temporary cessation of Service in excess of the six day maximum will be without payment. The proportion will be 75% for closed or Minimum Subsidy Contracts, and 50% for Minimum Cost Contracts. Details of, and reasons for, any journeys not run should accompany the invoice for the relevant period. Should the Contract not be delivered for any other reasons than detailed in this clause then the Council reserves the right to withhold full or pro rata payment to the Operator.

- 3.11 Under no circumstances will the Operator make any variation or change to the Services without the express written approval of the Supervising Officer. Where circumstances beyond the control of the Operator prevent the specified route or timetable from being followed the Operator shall adopt an alternative which is as close as practically possible to the specified Route and timetable. Any such alterations lasting for more than one day must be agreed with the Supervising Officer as soon as possible thereafter.
- 3.12 The Operator shall advise the Supervising Officer of any regular problems experienced in complying with the specified Route and timetable. In the event of the Operator reporting such problems to the Council it will co-operate with the Operator to agree any changes required and shall agree to their implementation as soon as possible. Consent for any such change will not be unreasonably withheld.
- 3.13 If a Passenger tenders legal currency in an amount that covers the fare then provided such amount tendered does not exceed £20.00 the Operator will not refuse to carry that passenger due to the fact that the Passenger does not tender the correct change for the fare or due to the fact that the Operator has insufficient change on the vehicle at the time of boarding. This clause shall not oblige the Operator to accept a denomination of currency if the Operators policy is not to accept such currency due to the risk of fraud.
- 3.14 Drivers and Passengers shall be prohibited from smoking or carrying a lighted pipe, cigar or cigarette on all Services and appropriate signage shall be displayed. The Operator shall take all reasonable steps to enforce such prohibition.
- 3.15 Where required in the Service Schedule, Vehicles will use ticketing equipment. Information from the ticketing equipment is a mandatory requirement of the Contract; this will be provided to the Council with necessary Passenger Revenue detail to inform Government returns. Subject to clause 3.16 all Passengers who pay a fare must be issued with a ticket to the appropriate value, showing the appropriate Passenger category and the date of issue. A record must be kept of all Passengers who for whatever reason travel without payment of a fare.
- 3.16 Except for circumstances beyond the Operator's reasonable control the Operator will at all times use the designated stands within bus stations and interchanges, subject to any changes which may be notified from time to time and also designated bus stops along the route of the Service.
- 3.17 The Operator shall at all times operate the level of service specified for the appropriate day of the week with the exceptions of Bank Holidays and other days as notified.

- 4.8 The Operator must operate Vehicles which provide the specified seating capacity, and shall notify the Supervising Officer if this capacity is regularly found to be inadequate for any journey within the Contract, giving full details of the problem.
- 4.9 Without prior agreement from the Supervising Officer the Operator will not use any open-top, vintage or similar vehicle in the performance of the Services.
- 4.10 The Operator shall display on its Vehicles used under the Contract any notices as reasonably required by the Council, including if required an indication of the destination and route number of each journey on the front of the Vehicle at all times for the journeys operated under Contract.
- 4.11 The Operator must obtain the Council's agreement for any proposals relating to the parking of Vehicles outside the boundaries of the Operator's premises.
- 4.12 The Operator shall ensure that Vehicles operated on this Contract display the same livery and fleet name for all Services delivered under the Contract. Any changes to livery or fleet names must obtain the prior consent of the Council in writing.

4.13 Upon request from the Council the Operator shall ensure that the Council's monitoring staff are carried on any Vehicle operating a Service and allowed to conduct relevant surveys and to carry out inspections on such Vehicles. At all times such staff shall comply with all regulations covering the conveyance of Passengers (including any maximum to be carried) and shall at all times comply with the reasonable instructions of the Authorised Driver in relation to the operation of the Vehicle or the Service.

The Operator will provide a copy of the current registration document to the Supervising Officer, seven (7) Working Days prior to the commencement of the Contract.

5.3 If at any time any insurance, licence, approval, registration or other permission required to provide the Services is revoked, removed, restricted, suspended or amended or if the Operator or any sub-Operator shall have any action taken, or be called to public inquiry, by any competent agency or body including without prejudice to the generality the licensing authority, the Police, the Traffic Commissioner, the Health and Safety Council and VOSA, then the Operator shall notify the Supervising Officer by telephone within one (1) working day and confirm this in writing.

5.4 If as a consequence of any matter referred to in clause 5.1 above the Operator may no longer lawfully operate the Services or any part thereof then the Supervising Officer must be notified immediately and the Services or the relevant parts thereof (as appropriate) shall be suspended immediately and the Traffic Commissioner notified accordingly. Without prejudice to the Council's rights under clauses 16 and 18 (Termination and Recovery of Sums Due) if the Operator's licence, approval, registration or permission is restored the Council may by written notice require the Services to be recommenced immediately. The Council may at any time while the Services or any part thereof are suspended terminate the Contract or part thereof in accordance with clause 16 (Termination).

## 6. OPERATOR'S EMPLOYEES

- 6.1 The Operator shall appoint a Contract Manager to act on his behalf for all purposes connected with the Contract and shall promptly notify the Supervising Officer of such appointment and any change thereto. Any notice, information, instruction, request, or other communication given or made to the Contract Manager by the Council shall be deemed to have been given or made to the Operator. The service of any such notice shall comply with the provisions of clause 21 (Service of Notices).

A past conviction will not, of itself, preclude employment in this Service, but consideration must be given as to whether the past behaviour of the individual may place vulnerable persons at unacceptable risk of any form of abuse. The Operator will decide whether that conviction is relevant to the person's employment in the Service, if it is, then that individual should not be employed in the Service. If you are unsure, clarification should be sought from the Council.

- 8.5 The Neutral Adviser shall produce recommendations based upon a review of information provided by the parties.
- 8.6 If the parties accept the Neutral Adviser's recommendations or otherwise reach agreement on the resolution of the dispute, such agreement shall be recorded in writing and, once signed by their representatives, shall be binding on the parties. The parties shall bear their own costs in connection with this clause but the costs of the Neutral Adviser shall be borne as the Neutral Adviser directs.
- 8.7 Unless concluded by the written binding agreement referred to in clause 8.6, all negotiations connected with the dispute shall be conducted in confidence and without prejudice to the rights of the parties in any future proceedings .
- 8.8 If the parties fail to reach agreement within ten (10) Working Days of the Neutral Adviser's recommendations then any dispute between them may be referred to the courts unless within such period or a further period of five (5) Working Days the parties agree to refer the matter to arbitration to an arbitrator whose method of appointment is agreed between them.

9.1 The Council's Supervising Officer will monitor the performance of the Operator undertaking the Contract.

9.2 In the provision of the Services, should the Operator become aware of any breach in its performance of the Services, whether the same has been brought to its notice by the Council or not, the Operator shall, where such breach is capable of remedy, at its own expense use all reasonable endeavours to remedy the same as soon as reasonably practicable.

- 12.3 The Lost Mileage Deductions for each Accounting Period shall be calculated by deducting the number of days where the Service has not operated (in whole or in part) from the total number of days to be operated during the Contract Period. This will then be converted into a percentage figure which will then be deducted from the Period Contract Payment.

- 12.4 The Period Contract Payment for any Accounting Period shall be equal to the sum of the Contract Price divided by the number of days of operation in the Contract Period multiplied by the number of days of operation in the Accounting Period.

No interest shall be payable by the Council in such circumstances. If the Council has been unable to process a properly received Passenger Revenue/Performance Return it shall pay the Period Contract Payment to the Operator and it reserves the right to deduct any amounts that would have been properly deducted had the return been processed from the next or any subsequent payment.
- 12.8 Subject to clause 12.7 above for each Accounting Period the payment of the Period Contract Payment (less Passenger Revenue for a Minimum Cost Contract and less any other deductions) shall be made within thirty (30) Working Days of the last day of that Accounting Period into the nominated bank account of the Operator. It will be a condition of payment that the Operator has issued a properly constituted VAT invoice for the monies due which include the contract number and the contract period. After such period of twelve (12) months the Operator shall be at liberty to give notice to the Council of any increase in price (which notice shall contain details of how such increase is made up) and make application to continue the Services at such increased price.

The Operator shall in the event of the Council accepting such increased price continue to supply the Services during a period of twelve (12) months from the date of the acceptance by the Council of such increased price, and after such period of a further twelve (12) months the Operator may give notice to the Council of a further increase in price and make application to continue the Services at such further increased price and such notice and application for a further increase shall be dealt with in the same way as a notice and application for an increased price as aforesaid. Any order given by the Council under the Contract after the service of a notice and application by the Contractor as aforesaid shall not be executed by the Operator until after the receipt by him of the Council's notice to accept the increased or further increased price, and when executed shall be so executed at such increased or further increased price, but if the Operator should execute an order before the receipt of the Council's notice he shall execute it at the price obtaining before the Contractor's notice and application for an increased or further increased price was given.
