

# What and Where?

East Riding of Yorkshire Council, housing association and almshouse rented accommodation in the East Riding

EAST RIDING  
OF YORKSHIRE COUNCIL

# Introduction

---

This booklet provides a guide to the location of social<sup>1</sup> and affordable<sup>2</sup> housing to rent in East Riding of Yorkshire. This includes housing owned and managed by the local authority, private registered providers of social housing and other housing associations or charitable trusts. Low cost home ownership options will be included in future publications.

The council is the largest provider of social and affordable housing in the area with over 11,300 houses, bungalows, flats and bedsits spread across East Riding of Yorkshire. Just under 1,800 of these are classed as sheltered housing with a warden service, 40 are extra care housing for adults with an assessed social care need and there are a number of other properties for people with identified support needs, such as homeless people or those with a learning disability. In addition, there are over 2,200 properties owned by other social landlords operating in the area

Details are given by settlement (town, village or hamlet) which have been grouped into the council's housing management areas. If the property is designated for a particular group (such as older or younger people) or has on-site support, this is also shown.

**The three housing management areas are:**

**EAST**

Beverley, surrounding villages and Holderness

**NORTH**

Bridlington, Driffield, east Wolds and the coast

**WEST**

Goole, Pocklington and the western Wolds

You should refer to this booklet when completing your application form for local authority or housing association owned properties in East Riding of Yorkshire. The latter are either allocated from the council's housing register or directly by the landlord, so it is worth ensuring that you are on both lists to be considered for every allocation. Contact details for all social landlords are shown at the back of this booklet.

Before selecting an area to be re-housed, check that the type of accommodation you want is available in the area that you want to live. Try and be as flexible as you can to increase your chance of being offered accommodation. Allocation of social housing properties will be in accordance with the council or other social landlord's policy and will depend on the priority awarded to you when you apply and length of time you have been waiting. Normally properties will only be offered to suit your household size and the length of tenancy will vary according to your circumstances. Please note, some of the council's rural properties built since 2010 are subject to a Local Lettings Policy. Further details can be found at **[www.eastriding.gov.uk/housing/housing-advice](http://www.eastriding.gov.uk/housing/housing-advice)**.

You should note that the stock figures given will alter over time as new properties are built, and others are sold. This booklet is updated annually in July.

The council owns a number of properties that are adapted to meet the needs of disabled residents and we also have limited funding to carry out adaptations to your existing home if you need them. For further details contact your local housing office on (01482) 396301.

---

1 Social rented housing is owned by local authorities and private registered providers (as defined in section 80 of the Housing and Regeneration Act 2008), for which guideline target rents are determined through the national rent regime.

2 Affordable rented housing is let by local authorities or private registered providers of social housing to households who are eligible for social rented housing. Affordable Rent is subject to rent controls that require a rent of no more than 80 per cent of the local market rent (including service charges, where applicable).

# Housing type definitions

---

The following provides a definition of the types of affordable housing shown in italics in this guide. Please note that the purpose of the accommodation may alter as the needs of households change or due to the local funding and policy context.

## **General needs**

General needs accommodation is for households without any specific support needs and has no age restrictions in place.

## **Housing for older people**

Housing for older people contains certain design features or adaptations to make it easier for older or disabled residents to get around the property and may have on-site support available through the warden service (for council owned sheltered housing). Check with the landlord for more information including eligibility criteria.

## **Extra care housing**

Extra care housing is for older or disabled adults and is designed to enable people to live as independently as possible, supported by the provision of on-site care and support to meet people's assessed needs. Dwellings are allocated to households meeting the eligibility criteria - contact the landlord for more information.

## **Supported housing**

Supported housing is for households with specific needs including adults with a learning disability, mental health condition or experiencing homelessness. Dwellings are allocated to households meeting the eligibility criteria - contact the landlord for more information.
